Required supporting documents for admission

The CHARM-EU Joint Virtual Administrative Office and the Admission Board will not take into consideration applications with incomplete documentation after the deadline. It is the student's responsibility to make sure that the application file is complete and that all required documents are attached in the appropriate format (PDF). Any application sent after the deadline will not be processed.

For all programmes, you must upload the following documents in your application file. Make sure each document is in the required language (English or any of the CHARM-EU universities official languages)

- Bachelor's degree diploma or recognised equivalent.** Non-EU students should submit an additional statement from the university recognising that the qualification is sufficient to apply to a master's level program. If the diploma is not available yet, up-to-date transcript will suffice.
- For Applicants with a French Licence: certificate with additional 30 ECTS.**
- Academic transcript:** Acceptable transcript formats must include the mean grade updated until the last evaluation period (GPA). If the GPA is not included in the transcript, students should submit an additional statement from the university including the grade point average.
